

Coat drive brings almost 500 donations

The employees at Fidelity Investments' Merrimack regional center recently collected nearly 500 warm winter coats through their participation in the annual Anton's Cleaners' Coats for Kids drive.

Employee donations of children and adult coats will help ensure hundreds of Southern New Hampshire children and adults stay warm this winter.

Through the program, Anton's will clean the coats for free before partnering with a network of social service agencies who help to distribute the coats to those in need

throughout the region.

Since 2005, Fidelity employees have donated more than 3,700 gently worn coats to the program.

"We are very proud of our employees who, through their continued generosity, have shown their strong commitment to the communities where we live and work," said Leslie Gouthro, senior manager of community relations at Fidelity.

The Coats for Kids coat drive continues through Jan. 9. For more information on Coats for Kids, visit to www.anton.com/cfk.
